

# StepWell™ Sanitizing Mats

## Specialty Mats • Indoor

The StepWell mat provides an all-in-one solution for safely sanitizing shoes. It features a 2' x 3' well that holds an abrasive insert and your preferred liquid sanitizer, followed by a 3' x 5' carpeted section to help remove any excess moisture from shoes, reducing the likelihood of slips following sanitation. Wash, wipe, and walk on safely!

- Available in three designs
- The insert serves as a splash guard and helps dislodge any dirt or debris from the bottom of shoes so the fluid can reach the entire sole surface.
- Each mat includes one insert; additional inserts are available in packs of four
- Well holds one insert and approximately 84 ounces (2.5 L) of sanitizing solution (not included).
- Compatible with most sanitizing/disinfecting solutions. Works best with quaternary and hydrogen peroxide sanitizing solutions.

### Nylon Carpet

Nylon carpet dries shoes to reduce risk of slip-and-fall accidents and protect floors from moisture

### Well with Insert

2'x3' well holds liquid sanitizer and abrasive insert to clean and disinfect shoes

The StepWell mat works best with quaternary and hydrogen peroxide sanitizing solutions; can be used with chlorine bleach solutions, but failure to adhere to recommended concentrate can damage the mat.

- Quaternary ammonium should be used per recommended dilution instructions on the label (for sanitizing level protection).
- 3% hydrogen peroxide solutions can be used without further dilution.
- 6% chlorine bleach should be used at a concentration of 0.4% (0.5 oz. per gallon). Caution: Do not use mat as a work surface to prepare bleach solution, as undiluted bleach may cause permanent color loss.
